

Application for the POLSKA award

(this form is needed for applications for new categories of the award
and in case of supplements to higher classes of the award)

Please complete legibly!

Hereby:

- ☐ - I am applying for issuing of a new category of the "POLSKA" award,
- ☐ - I am completing QSOs, because I want to receive a sticker (an endorsement) of a higher class of the "POLSKA" award,

according to the ticks in the following table:

(Note: please tick at least one box!)

My application refers to:		Award category														
		MIXED	PHONE	CW	DIGI	160M	80M	40M	30M	20M	17M	15M	12M	10M	6M	2M
a new award																
changing of the award class into the class	3 - „bronze”															
	2 - „silver”															
	1 - „gold”															

Explanation:

1. It is possible to apply for the "POLSKA" award in one or more categories on one application form. The same applies to applications for increasing the class of the awards already possessed, or to stickers for the awards already possessed. Joint applications, i.e. applications for new categories of the awards together with applications for increasing the class of the award(s) are also acceptable.
2. The "POLSKA" award is issued in 15 categories, in each category separately, i.e. on a separate application form. It is so, because the fee for the award specified in the "General rules" is the fee for the award in one category (for one copy). (See here: <https://www.awards.pzk.org.pl/general-rules.html>)
3. The fee for each copy of the award is 5 EUR or 7 USD or 5 IRCs – sent with an application. The fee for stickers is 1 EUR or 1 USD or 1 IRC. This fee applies to any number of stickers on an award(s) sent in a single mail.
4. Contacts listed in specifications should be sorted firstly according to the letters marking a voivodship, and afterwards – within particular voivodships – according to the bands. The rules of GCR lists apply – compliance of a list of contacts with QSL cards confirmed by two fully licensed amateurs. It applies to any sheet of specification.
5. An application for the award(s) together with specifications of contacts should be sent to:
